New Build:  
5 Bedroom Family House –  
Manchester.

Crafted Natural slate roof.  
Elegantly cut slate tiles to the  
roof provides a delicate  
mosaic that provides the roof  
with a unique aesthetic detail  
and precision rooted in the  
historic craft movement

New Build:  
5 Bedroom Family House –  
Manchester.

Living space with natural  
timber flooring and coffered  
ceilings. The room is designed  
with natural light  
complimenting the use of  
natural materials. Natural light  
is controlled to wash the  
interior in a subtle and  
controlled manner.

New Build:  
5 Bedroom Family House –  
Manchester.

Reception space linking the Living room and Dining room. A spacious hallway allows for extra living space, and allows Interlocking spaces to become Communal areas as opposed to just utilitarian circulation space. The elegant and open stairwell allows spaces to breathe both vertically and horizontally across the floor level from room to room.

New Build:  
5 Bedroom Family House –  
Manchester.

A spacious stairwell within a  
crafted staircase allows space  
to be connected vertically  
whilst providing a powerful  
triple height void vertically  
through the building

**K**OUSSA **A**RCHITECTS / **M**AJID **K**HAN

New Build:
